The first three months of this report includes the receipts and expenditures of my predecessor, the late Frank Meloon. The health of the inmates has been generally good during the year; of the six deaths, all were of very advanced age with one exception, whose demise was caused by tuberculosis. We have dropped the rule of special visiting days and made every day a visiting day. During the last nine months 325 people have visited this Institution. The inmates were served with a chicken dinner on Thanksgiving Day and at Christmas time each one received a small present. We have entertained the County Delegation at dinner four times during the year. In closing, we wish to express our hearty appreciation for the kindness and assistance rendered us by our predecessors, the late Frank and Mrs. Celia Meloon. To you, gentlemen, we are deeply indebted for the support and assistance you have so readily given us at all times, and we now extend to you our hearty appreciation.

Respectfully submitted,
GEO. B. REED, Superintendent.

Report of Solicitor

TO THE COUNTY COMMISSIONERS:

In compliance with the law, I herewith submit my report as Solicitor from April 1, 1915 to December 31, 1915.

At the May term, twelve indictments were found by the Grand Jury, four of which were for illegally keeping spirituous liquors for sale, two for breaking and entering, three for larceny, one for obtaining goods under false pretenses and one for disturbing a school. The indictments for keeping for sale were all first offence. The pleas were guilty in all and appropriate sentences were imposed.

There was also one contempt proceeding for the violation of a liquor injunction instituted, which was continued to the December term, and at that term the violator was brought before the court and he is now answering his contempt by serving a term in jail. Respondent in indictment for breaking and entering pled guilty to two indictments and was sentenced to State's prison upon one of them. A juvenile was sentenced to the State Industrial School upon a larceny indictment. One other respondent upon an indictment for larceny was sentenced to serve a term in jail. There was also one criminal case, which came up on appeal from the Wolfeboro Police Court, resulting in a jury trial for aggravated assault and a conviction. The other criminal matters at this term were disposed of upon pleas offered by the various respondents.

At the December term, three criminal matters came up on appeal, which are now pending upon the docket. Indictments were found by the Grand Jury as follows: two for larceny, three for breaking and entering, three indictments arising from the same charge of arson, three indictments of assault with intent to kill, one for abuse of a female child, and one for assault with intent to commit rape. One information was filed for illegally keeping for sale spirituous liquors. A trial was had and a conviction followed. At this term two insane criminals were committed to the New Hampshire State Hospital for observation.

There are at this time two civil cases, in which the county is interested, upon the continued docket.

The Solicitor has appeared before the different municipal courts in the county in several important criminal matters which have resulted in holding the respondents to the Superior Court, and have been mentioned above.

Respectfully submitted,

W. D. H. HILL, Solicitor.

AID TO PERSONS QUARANTINED.

It sometimes becomes necessary to assist a family when quarantined on account of scarlet fever, diphtheria, etc, by

reason of its being deprived of the opportunity to earn wages or from other causes, and to provide for which the following law was enacted by the legislature and approved March 11, 1899.

SECTION 1. Whenever any person or family is placed in quarantine by a board of health; to protect the public against small pox, scarlet fever, diphtheria or any other dangerous, infectious or contagious disease, it shall be the duty of said board to assist such person or family while in quarantine in such a manner as in the judgment of the board may be deemed wise and necessary.

SECT. 2. All expenses thus incurred, or such part thereof as the board may determine, shall be deemed a legitimate expenditure for the protection of the public health and shall be charged to the account of incidental expenses, but not to any indigent pauper account, nor shall such expenditure be construed to mean a public aid to the person or persons quarantined and assisted unless such person or persons are already paupers as defined by the Public Statutes..

The above law would seem to solve, in a thoroughly satisfactory way, a question which heretofore has been considerable of a problem in some localities. The entire matter is left to the judgment of the local board of health, and whatever aid the board may deem to be wise and necessary to extend to the families in question must be paid by the town and charged up as provided for in section 2.

PUBLIC STATUTES

CHAPTER 84.

LAWS IN RELATION TO AID FURNISHED TO INDIGENT SOLDIERS, AND PROVIDING FOR ENTRANCE TO THE SOLDIERS' HOME IN CERTAIN CASES.

SECT. 9. Whenever any person resident in this state, who enlisted in the quota of this state, and was reckoned and served as a soldier or sailor from New Hampshire in the army or navy of the United States, in the War of the Rebellion or in the Spanish or Philippine wars, and who received an honorable discharge, not being under guardianship or legal restraint, shall become poor, and unable to provide maintenance for himself and dependent family, such person, his wife widow or minor children, or such of the children as are unable to maintain themselves shall be supported at the public expense in the town or city of their abode, at their own home or any such place, other than a town or county almshouse, as the overseers of the poor or county commissioners shall deem right or proper, but no person shall receive aid under the provisions of this section unless he has resided in this state three years or more before making application for such aid, and no person shall, while receiving aid under the provisions of this section use intoxicating liquor to an extent which shall render him incapable of working at his usual occupation and no person receiving aid under the provisions of this section shall sell any article furnished him, nor exchange them for intoxicating liquors, nor share any such aid with any persons other than those above named as being entitled to the benefit of these provisions. Any person receiving aid under the provisions of this section, who receives a pension from the United States government, shall, while

receiving such aid, apply the pension to the support of himself and dependent family, and shall, when requested, furnish to the overseers of the poor or the county commissioners satisfactory proof that such pension has been so applied. Any person applying for such aid, shall, when requested, furnish to the county commissioners or the overseers of the poor the certificate of a reputable physician, resident in the county in which he lives, as to the incapacity on his part to perform manual labor. Neglect by any person applying for or receiving aid under the provisions of this section to comply with the foregoing provisions and conditions of this section so far as such person is concerned, and such person may be supported at the town or county almshouse.

SECT. 10. The expense of support furnished under the provisions of the preceding section shall be kept and re-reported in a separate account under the head of "aid furnished to dependent soldiers and their families," and not in the general pauper account, but shall be recoverable of the person, town or county liable therefor as in other cases.*

SECT. 11. The county commissioners or the overseers of the poor of any town may require any person applying for aid under the provisions of Section 9 of this chapter, who is eligible for admission, to make application for admission to the New Hampshire Soldiers' Home, in case he has no family or settled place of abode, whenever in their discretion they deem it best; and if such person refuses to make such application, or if admitted refuses to go to said Soldiers' Home, the county or town shall be relieved from the provisions of the preceding sections so far as such person is concerned, and he may be supported at the county or town almshouse.

AN ACT

TO PROVIDE FOR THE PUNISHMENT OF PARENTS FOR THE ABANDONMENT OF THEIR FAMILIES IN CERTAIN CASES.

* This section was passed by the house and senate, but was omitted from the engrossed bill. Such references are made to it in the engrossed bill that it is evident the legislature intended it should be a part of the law.

Be it enacted by the Senate and House of Representatives in General Court Convened:

SECTION 1. That as used in this act the word "children" shall be limited to mean children under sixteen years of age and also such children over sixteen years of age and under twenty-one years as by reason of physical or mental infirmity are incapable of supporting themselves; and further that separation within the meaning of this act shall include, in addition to the cases embraced within the usual meaning of the word, every case where a husband has caused his wife to leave him by conduct on his part which would be ground for divorce and also every case where by extreme cruelty or other conduct it becomes improper for children to remain with their father and have for this reason become separated from him.

SECT. 2.
